### TO CHANGE YOUR SKIN!

How to Develop the Highest Degree of Vital, Nervous and Muscular Vigor.

Snakes throw off their outer skin once a year. Human beings change their skin perhaps nine times in a year; that is, they have a new skin about once in six weeks.

The value of a clean skin in maintaining health is not properly understood by the majority of people. Cleanliness is a part of health. You cannot be healthy unless you are clean not only externally, but also internally.

The blood should also be assisted occasionally, like the skin, in throwing off poisons so that the system may not get clogged and leave a weak spot for disease germs to enter. When the blood is clogged we suffer from what is commonly called a cold.

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It thus cures scrofula, eczema, boils, pimples and other eruptions that mar and mar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood.

Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. Bad blood is driven out. It will furnish you with rich, pure blood full of vital force—the kind that increases energy and ambition, that rejuvenates the entire body.

## BIRD SINGS AT WRONG TIME

Detroit Girl Who Loves Canaries Is Arrested for Stealing Songster.

Detroit.—Miss Nina Plock of No. 96 Adams avenue east, loves canary birds. If she were rich, she would have an aviary full of them. Her idea of bliss is to have just as many canary birds as she can find room for in her house. The sweetest music in the world to her is the canary's song.

But a canary's solo, piped at the wrong moment, landed her in the police court. She had been arrested at the behest of Royce & Passmore, bird dealers. They told Justice Sellers that she entered their store recently and asked to look at some birds. When the clerk's back was turned she put one of the feathered songsters in her wrist and then told the man that she guessed she would not buy any.

Just as she was leaving the canary began to sing. He sang loudly. The clerk barred the way to the door and sent another clerk to the corner for a policeman. Miss Plock was arrested. Twice before the woman has been in court for the larceny of canary birds, say the officers. This time she was fined \$10, with the alternative of 30 days in the house of correction. And she had to give back the yellow soloist.

## FISH GROW HUMP ON BACKS

Oddity Develops Years After Planting Lake Michigan Trout in Oregon Lake.

Baker, Ore.—What put the miniature camel-like humps on the fish of Rock Creek lake is the question that Elliott Ellertson, Rock creek rancher, is putting up to State Biologist Finley.

Mr. Ellertson planted 5,000 Lake Michigan trout in the lake many years ago, and until this year they showed no difference from others of their species. Recently, however, small humps just behind the first back fin were seen on many of them. It is not believed to be disease, and the size and the flavor of the trout do not seem to be impaired.

There is no possibility of a cross with any other breed, because nothing but the Lake Michigan trout have been planted in the lake, which was originally devoid of fish.

## ARGENTINA HAS IRON FIELD

Discovery in Province of Buenos Aires Is Expected to Be of Great Value.

Buenos Aires.—Iron has been discovered near Necochea, in the southern part of the province of Buenos Aires, in such quantities that government officials say a proper exploitation of the field will free the Argentine republic from dependence on other countries for its iron supply.

The iron was found along the coast in the sand dunes that extend from the south of Patagonia to Cape San Antonio. This is the same region in which petroleum indications were found recently, and concessions have been asked for the working of both the iron and oil fields.

Jose M. Chueco, geologist, after patient examination and long study, has found a high proportion of iron in the sand in an almost pure state.

## KING OF RAT CATCHERS BUSY

Has Contract to Kill All Rodents in All Army Camps in England.

London.—William Dalton of Southwark, who is known as the king of rat catchers, has been given the job of killing the rats in all the army camps in England.

"This year," says the "king," "I am fighting almost single handed, and the menace is really serious. In less than six months I have caught over 12,000 rats, and cries for help are coming from all quarters.

"The government has come to realize the necessity for killing the rats. At one camp I have already visited we caught 1,085 rats and over 70 of them weighed more than a pound and a half each."

## HEN LAYS EGG IN COURT

Exhibit A in Lawsuit Creates Considerable Commotion in Portland Court.

Portland, Ore.—Maude, a white leg-horn hen, was in District Judge Bell's court the other day as Exhibit A in a suit over her ownership and that of two other biddies and a cockerel. Suddenly there smote the air a shrill "cut-a-cut."

It was Maude cackling, and she kept it up. "Bailing," kindly remove the exhibit," ordered the judge. The bailiff approached Maude's coop. "Your honor," he shouted, "look!" and held up a snowy white egg. "Maude laid it."

Both litigants agreed that the judge should receive the egg. Justice Bell had it for breakfast next day.

## HUSBAND KEEPS DOG

Wichita, Kan.—Mrs. Anna Morris, the young wife of a wealthy and middle-aged real estate man here, who was sued for divorce several weeks ago, wants her pet dog. It is a bull pup and since the divorce proceedings Mr. Morris won't let his wife into the house. He restricts the dog, and in a suit filed recently Mrs. Morris asks for the dog and one pillow, a pair of portieres, two stewpans and two geranium plants.

## You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

# GARDUI

## The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.
